GOLD

Probiotic washroom and toilet cleaner for daily use, with environmental beneficial effect.

- For cleaning the entire sanitary facility and the toilet
- Cleans grouting, actively combats odours and prevents scale build-up
- Fresh parfum.
- EU Ecolabel & Cradle to Cradle Certified GOLD.

Hygiene and infection control are hugely important for many institutions. There are currently still too many products being used that contain chemicals that are harmful to people and the environment. Greenspeed offers a solution for this: probiotic cleaning agents. These ecological products allow the good bacteria to battle organic dirt and odours. This creates a healthy stable microbial environment. Not harmful to people or animals. The big advantage of the probiotic products is that they go far beyond basic environmental-friendliness. The micro-organisms are 100% natural. Once these products have been used, they re-enter the environment where they actively contribute to water purification and maintain a natural microbial balance. The probiotics also remove grime and organic dirt, even deep down in the surface. This ensures a lifelong clean result. The probiotics also hereby neutralise foul odours. Compared to many chemical cleaning products, the probiotic products are very safe to use. It is the first probiotic range that has been given the EU Ecolabel certificate. The bacteria used in the Greenspeed products are registered on the QPS list of EFSA (European Food Safety Authority).

USAGE

Shake well before use. Prepare a 0.5 % solution by adding 25 ml (2 dosing caps) of Probio San to a bucket containing 5 l of water, or 40 ml (4 dosing caps) to 8 l of water. Clean the surface with a sponge or cloth. Rinsing is not necessary. The concentration can be increased in case of heavy soiling to 1 %.

Store the product between 10 ° C and 40 ° C, protected from direct sunlight.

Only use this product for its specified purposes. If in doubt, first test the product in an inconspicuous area. Greenspeed is not responsible for any damages if the product is used incorrectly. Consult the Safety Data Sheet (SDS) for additional information.

5L AQUA + 25ML

Probio San - 1 l

TECHNICAL SPECIFICATIONS

Dimensions product (WxHxD) 9.3 x 25.4 x 6.3 cm

Appearance: Liquid

Colour: Red

Odeur: Fresh

Solubility in water: Complete

pH-value: 7 (Undiluted product)

Relative density 20°C: 1,010 Kg/L

Flash point: > 100 °C

Packaging: 25% recycled plastic + 75% plantastic, 100% recyclable
